EDGE SOLUTIONS SIGNS DISTRIBUTION AGREEMENT WITH SAPHENEIA

Partnership enables Edge Solutions to distribute Clarity™ CT – a market-leading software solution that reduces effective medical radiation dose, improves image quality and enhances patient safety

Alpharetta, GA (November 29, 2010) - Edge Solutions, a woman-owned IT solutions provider, today announced a new relationship to become a distribution partner for Sapheneia's Clarity™ CT and XR Solutions. Clarity CT and XR software is designed to materially reduce harmful radiation dose for patients while simultaneously enhancing image quality. Edge Solutions provides cost-effective custom IT solutions to companies of all sizes, specializing in healthcare, including virtualization, internet security, infrastructure, storage and data management solutions representing leading IT manufacturers.

The agreement allows Edge Solutions to deliver market-leading image optimization and low dose solutions to healthcare facilities throughout the southeast and mid-Atlantic regions. "Edge Solutions has a solid track record of providing complex technology solutions to private and public hospitals. We are honored to add Clarity CT and XR to their portfolio and very much look forward to working together to bring low dose solutions to the markets they serve," states Hans Grahn, Ph.D., CEO, Sapheneia.

"We are pleased to offer a complete technology solution to address the growing concern over medical imaging radiation. Sapheneia's Clarity product line is the perfect cost-effective solution to reducing harmful radiation dose while enhancing the quality of the imaging data," states Bobby Thomas, Edge Solutions vice president of sales.

Representatives from Edge Solutions and Sapheneia will be attending RSNA 2010 96th Scientific Assembly, Annual Meeting and Exhibition at McCormick Place Convention Center in Chicago, Ill., November 28 through December 3, 2010.

About Edge Solutions

Edge Solutions is a majority woman-owned IT solutions provider delivering superior customer service and support in the delivery of impactful IT solutions that meet its customers' business challenges across the southeastern and mid-Atlantic states. Edge Solutions is dedicated to delivering the right IT solution with expertise in data center management, server and storage virtualization, storage management, data protection information management, asset and services contract management. For more information about Edge Solutions, visit www.edgewit.com.

About Sapheneia

Sapheneia is a global, ISO-certified imaging services company specializing in diagnostic and analytical image processing solutions. Sapheneia's mission is to provide medical image optimization products to promote higher diagnostic confidence, greater patient and medical staff safety, and improved cost effectiveness of medical imaging. Sapheneia's Clarity CT and XR Solutions enhance the diagnostic quality of images based on settings optimized by the radiologist. This enables lower radiation dose exposures while simultaneously providing radiologists with the diagnostic confidence previously available only when reading the same images at full dose. For more information, visit the company's website at www.claritysolutions.org.
