

SAPHENEIA SIGNS DISTRIBUTOR AGREEMENT WITH X-RAY VISIONS, INC.

Distribution partnership expands the available of Clarity™ CT and XR Solutions. Clarity reduces effective medical radiation dose, improves image quality and enhances patient safety

January 13, 2010 – Sapheneia, a global imaging services company, today announced the signing of a distribution partnership with X-Ray Visions, Inc. for its **Clarity™ CT and XR Solutions**. **Clarity CT and XR** software is designed to materially reduce harmful radiation dose for patients while simultaneously enhancing image quality.

The distribution agreement gives Sapheneia expanded capabilities to provide its market leading image optimization and low dose solutions to healthcare facilities in Maryland, Washington DC and Virginia. “X-Ray Vision provides a wide range of radiology products and services to its customers. We are honored to add **Clarity CT and XR** to their portfolio and very much look forward to working together to bring low dose solutions to the markets they serve,” states Hans Grahn, Ph.D., CEO, Sapheneia.

“CT radiation dose has been getting a great deal of attention this past year and Sapheneia’s **Clarity** product line is the perfect cost effective solution to reducing harmful radiation dose while maintaining the integrity of the imaging data for diagnostic interpretation. We have also seen the advantages of **Clarity XR** for our customers in digital imaging quality for DR and CR, and we are excited about offering these solutions as well to our customers,” states Bud Mori, Managing Partner & Vice President of Operations, X-Ray Visions, Inc.

About Sapheneia

Sapheneia is a global, ISO-certified imaging services company specializing in diagnostic and analytical image processing solutions. Sapheneia’s mission is to provide medical image optimization products to promote higher diagnostic confidence, greater patient and medical staff safety, and improved cost effectiveness of medical imaging. Sapheneia’s **Clarity CT and XR Solutions** enhance the diagnostic quality of images based on settings optimized by the radiologist. This enables lower radiation dose exposures while simultaneously providing radiologists with the diagnostic confidence previously available only when reading the same images at full dose. For more information, visit our website at www.claritysolutions.org.

About X-Ray Visions, Inc

X-Ray Visions, Inc. provides a full spectrum of analog and digital medical imaging equipment sales and service, imaging systems design, along with consumable products and technical sales and service support. Our facilities are adjacent to 495 in the Port Royal Professional Park in Springfield Virginia. We serve Virginia, Maryland, and Washington D.C. and we recently expanded into Southeast PA, Southern NJ and Delaware. Our specialists service hospitals, radiology imaging centers, orthopedic groups, urgent care centers, private practice along with veterinarians and chiropractors clinics.
